

The Real Mission of the Temple

The higher purpose, the aim of all who are true Templars, was and still is the preparation of a place where it might become possible for the overshadowing Christ to enter and send forth the message which the world has waited for so long.

It would be truly impossible for such an overshadowing of the spiritual forces to enter and dwell with a number of disaffected, treacherous, inhuman elements. It could not do the work for which It came, even if it were possible to come.

Such a place requires quiet, concentration, aspiration, unified endeavor and faith in each other and the common purpose. These are essential; all else is non-essential.
