BLUEJEANS

We welcome your written thoughts about the theme in **200 words or less**, to be presented at this meeting. **Please submit talks by August 4 for translation** to templeoffice@templeofthepeople.org
The theme is based on the following message:

The Keynote of Salvation in the Coming Crisis

Absolute obedience to your own Higher Self, absolute obedience to the Lodge of Humanity, fulfillment of the obligations taken, and above and within all else, a unity and bond between you and your brothers and sisters that no outside influence can bend or break, is essential.

Always try to draw together in spirit those brothers and sisters who are absent. They will help you, and you can help them.

Again I say no sacrifice has been too great for the Brothers of Light to make for you. Remember this is your hour of trial, and try to pay back a little of the debt you owe.

There is coming a **time of testing** in comparison to which what has occurred is child's play.
