

Report of the Delegate-at-Large

It is and has been an absolute honor to serve as Delegate at Large for the Temple of the People

Hopefully in holding this position as Delegate I have brought to the collective Mother Centre a positive vibration of all that I have sought in standing at this Point of Sacredness. Certainly, the flow of Temple forces has travelled into my heart and mind and the Position of Delegate at Large has taught me much.

Intentions and promises of loving service; kindly thoughts and a constant willingness to listen to the teachings wherever and however they come into my life each day. I have cherished the Teachings since I found the Temple; a true connection of heart mind and soul and if I have managed to share to any of the truth, patience, knowledge, kindness and joy to others - then I feel truly blessed.
